SVL2411AFYB

As you'd expect from Sony, the incredible VAIO® L Series All-in-One doubles as a touchscreen PC and TV delivering incredible Full HD entertainment via an expansive, 24" (diag) touchscreen LCD. Powered by BRAVIA® X-Reality™ engine, the same technology found in our TVs, you will enjoy sharper crisper images, with the ease of a multi-touch screen. It sports a 3rd gen Intel® Core™ i5 processor and 6GB of memory, 1TB[5] of hard drive space making it a multimedia powerhouse.

Cool to the touch

Sleek and easy-to-use, the VAIO ® L Series is slimmer and more beautiful than ever with a large 24" (diag)[16] corner-to-corner flush screen. It's All-in-One design requires only a single power cord to keep you powered. With the wireless mouse, keyboard, and remote control you'll never have a tangled mass of wires. The L Series is wall mountable[15], meaning you can hang it on the wall of your bedroom, kitchen or office for the ultimate, space saving solution. And when not mounted to the wall, the L Series features an adjustable stand to help you get that "just right" viewing angle.

PlayMemories Home™ Software

Uniquely smart and easy-to-use, PlayMemories Home™ software makes organizing, editing and sharing your photos and videos a cinch. Instantly import and sort your content by event or date. Then transform your favorites from ordinary to extraordinary with intuitive adjustments and stunning filters. You can even create heartwarming slide-shows complete with transitions and soundtracks in 3 simple steps. Finally, share your picks privately with family and friends or on popular social networking sites like Facebook® and YouTube™. PlayMemories Online™ service can even securely store your content in the cloud allowing virtually all of your devices to access it anytime, anyplace.

Create something worth sharing

Sony Imagination Studio™ VAIO® Edition includes four powerful Sony® applications: Vegas®, ACID®, Sound Forge® and DVD Architect® software so you can create music and movies like never before.

Sony's sound technology

S-master
Digital Amplifier

You can enjoy powerful and realistic surround sound with the four built-in speakers plus sub-woofer and the powerful 100% digital Sony® S-Master® amplifier and DSP (Digital Signal Processing) technology. Realistic surround sound powered by S-Force® technology delivers surround effects just like the high-grade audio systems found in movie theaters.

Amazing Full HD 1080p touchscreen display

Developed by the same people you trust to engineer amazing flat-panel HDTV, this VAIO® PC features a capacitive touchscreen, for a more responsive touch experience. Measuring 24" (diag.) and sporting a cinema-inspired 16:9 aspect ratio, the 1920 x 1080 Full HD resolution widescreen display lets you view your games and movies in impeccable detail with amazing color and contrast. The LED backlight helps ensure a bright display with lower power consumption for improved battery life.

Color	Black

1. GHz denotes maximum microprocessor internal clock speed and may vary based on application.
2. Requires a system with Intel® Turbo Boost Technology. Intel® Turbo Boost Technology and Intel® Turbo Boost Technology 2.0 are only available on select Intel® processors. Consult your PC manufacturer. Performance varies depending on hardware, software, and system configuration. For more information, visit http://www.intel.com/go/turbo.
5. 1 TB = one trillion bytes. Actual formatted capacity will be less.
6. Allocation of system memory to graphics varies depending on operating condition, version of device driver and total system memory size.
7. Microsoft® Office Starter: reduced-functionality Word and Excel® only, with advertising. No PowerPoint® or Outlook®.
8. For some third party software, Sony provides initial support. Additional support may be available from the applicable vendor. Availability may vary by vendor.
13. Availability may be limited. See limited warranty for details.
15. Mount sold separately.
20. Not all models applicable. Registration required. See www.sony.com/IRSP for details.
30. Requires Media Remote app and devices connected to the same wireless home network.
